REQUEST UNDER 37 C.F.R. §1.821(e), REQUEST FOR CORRECTION OF  
SEQUENCE LISTING AND PRELIMINARY AMENDMENT

Assistant Commissioner for Patents  
BOX PATENT APPLICATION  
Washington, DC 20231

Sir:

Pursuant to 37 C.F.R. §1.821(e), it is hereby requested that the computer readable form of the Sequence Listing filed on February 5, 2001 in prior U.S. Application No. 09/516,958, filed March 1, 2000, serve as the computer readable form for the subject application.

As required by 37 C.F.R. §1.821(f), the undersigned hereby states that the content of the Sequence Listing in paper form filed concurrently herewith and the content of the above-referenced computer readable form of the Sequence Listing filed in prior U.S. Application No. 09/516,958 are the same, except as provided below.

An "A" has been inserted at nucleic acid position 1090. The corresponding amino acid is correct as filed and all subsequent amino acids are likewise correct. A redlined version of the original paper copy of the sequence is enclosed to show the addition. It is believed that the amendment does not constitute new matter as the amino acid sequence is correct. Any one of
